To Whom It May Concern:

I would like to take a moment to share my experiences with Doug Hodges and Meyer Roofing. Several years ago we were having problems with a leaky metal roof and a leaky rubber roof on two of our school buildings. I spoke with Doug Hodges who made a trip to our school district to assess the situation. Doug was very thorough, took lots of pictures, and developed a recommendation and a bid to solve our issues. After comparing bids from other vendors, we selected Meyer Roofing. It was a great decision. Meyer Roofing did an outstanding job in a very timely manner. Not only was our initial experience a positive one, but our follow up experiences have been just as good. Following the initial repairs, we had a minor warranty issue. That issue was resolved immediately and completely to our satisfaction. We were so impressed with their work and warranty on our first project that we recently used Meyer Roofing to do some other roof repairs. Again, they were timely, professional, and successful in the repairs they made.

Doug Hodges and Meyer Roofing have earned our trust and our business. I highly recommend Doug and Meyer Roofing for any roofing projects you might have.

Sincerely,

Todd Willhite, Superintendent
Salisbury R-IV School District
